***An exemplary public welfare project -***

***UN Institute of Special Education***

Mr. Muhammad Hafeezuddin Asif retired from Sui Southern Gas Co. Ltd., in his capacity of Senior General Manager. Keeping his enviable service record in view, he was not relieved but continued to serve at Oil & Gas Regulatory Authority (OGRA) as Member. He remained there for five year.

After retirement, he settled in Karachi and decided to serve humanity for the rest of his life. He was allotted a plot of land at Khuda-ki-Basti, Taiser Town, Karachi by the relevant authority and raised there a dignified and spacious building by investing initially out of his own resources.

He has come a long way towards his mission of providing free-free opportunity to parents of the children with special needs in and around Khuda-ki-Basti, covering a population of millions, living in under privileged localities. Every special child is unique and, more often than not, is facing multiple issues. His approach towards their rehabilitation is holistic and individualistic.

He started operations of his Institute of Special Education in 2023 with 40 kids. The number has gone up to 175 and is steadily going up. His goals are long term, focused on grooming each one of them as a self-reliant, independent and equal member of the society with self-respect. He has a team of dedicated therapists, teachers and care-givers, helping kids develop and learn in professional environment.

He has invited philanthropists to come forward to donate generously, so as to make progress in his institution possible.

Interested members are cordially invited to visit his institution; for which he may be contacted on his Cell # 0333-5282421, 0305-1233111, email: [mh-asif@hotmail.com](mailto:mh-asif@hotmail.com), or visited his website: [www.auni.org.pk](http://www.auni.org.pk).
