Circular to members # 61/2025-26

Availing services of the Association

During a discussion in the Annual General Meeting, it was observed that most of our members, even the Executive members, do not prefer to avail the services being offered by this association.

The association is offering various services to its members, particularly:

- Issuance of newly introduced Electronic Certificate of Origin
- Issuance of Online Visa Recommendation Certificate
- Customs' Analysis card verification
- Various types of other certifications, verifications, attestations and recommendations.
- To seek guidance in their problems and difficulties in business affairs.

It is a sad state of affairs that members are not availing such services and facilities from this association but from other trade bodies. In this way, they are not supporting this association to grow and flourish.

We assure you that the association staff will extend all possible cooperation and support in resolving your problems and difficulties and smooth sailing at large.
